Subject: Rugged Solar 3300 12-007 (MUP) Determine Appropriate Reviews

Importance: High

Poonam and Diane,

Please do not do any work on the Rugged Solar submittal because the author's of the technical reports are not on our approved list of consultants.

Dave and Keith,

My apologies... I should have caught this sooner. In any event, thank you for your comments. Sign off you assignment in KIVA and just don't do anymore work on the project until you hear from me. I'll probably hold on to the comments and release them once their consultant is added to our list.

Again, my apologies for not catching this sooner. I'll have Lisa delete this assignments.

Thanks for all of your help!
